

ORTHOPAEDIC HIP SURVEY

1. Scenario 1 What would be your choice for duration of follow up for an older patient (>70yrs) after hip pinning: A. For non displaced subcapital femoral neck fracture:			Response Percent	Response Count
1. One post operative visit then to be followed by family physician if no concerns.			6.7%	11
2. Follow up (by surgeon) for 3 months.			27.0%	44
3. For 6 months.			24.5%	40
4. Up to 12 months			31.9%	52
5. Up to 24 months			9.8%	16
			answered question	163
			skipped question	0

2. Scenario 1 What would be your choice for duration of follow up for an older patient (>70yrs) after hip pinning: B. For displaced subcapital femoral neck fracture:			Response Percent	Response Count
1. One post operative visit then to be followed by family physician if no concerns.			1.9%	3
2. Follow up (by surgeon) for 3 months.			12.7%	20
3. For 6 months.			16.5%	26
4. Up to 12 months			43.0%	68
5. Up to 24 Months			25.9%	41
			answered question	158
			skipped question	5

3. Scenario 2 What would be your choice for duration of follow up for a patient (55-70yrs) after hip pinning: A. For non displaced subcapital femoral neck fracture:

		Response Percent	Response Count
1. One post operative visit then to be followed by family physician if no concerns.		1.3%	2
2. Follow up (by surgeon) for 3 months.		20.3%	32
3. For 6 months.		22.2%	35
4. Up to 12 months		36.7%	58
5. Up to 24 months		19.6%	31
		answered question	158
		skipped question	5

4. Scenario 2 What would be your choice for duration of follow up for a patient (55-70yrs) after hip pinning: B. For displaced subcapital femoral neck fracture:

		Response Percent	Response Count
1. One post operative visit then to be followed by family physician if no concerns.		0.0%	0
2. Follow up (by surgeon) for 3 months.		6.3%	10
3. For 6 months.		15.7%	25
4. Up to 12 months		40.3%	64
5. Up to 24 months		37.7%	60
		answered question	159
		skipped question	4

5. Scenario 3

What would be your choice for duration of follow up for a patient (<55yr) after hip pinning:

A. For non displaced subcapital femoral neck fracture:

		Response Percent	Response Count
1. One post operative visit then to be followed by family physician if no concerns.		0.0%	0
2. Follow up (by surgeon) for 3 months.		12.3%	20
3. For 6 months.		20.4%	33
4. Up to 12 months		30.9%	50
5. Up to 24 months		36.4%	59
		answered question	162
		skipped question	1

6. Scenario 3

What would be your choice for duration of follow up for a patient (<55yr) after hip pinning:

B. For displaced subcapital femoral neck fracture:

		Response Percent	Response Count
1. One post operative visit then to be followed by family physician if no concerns.		0.0%	0
2. Follow up (by surgeon) for 3 months.		5.6%	9
3. For 6 months.		8.1%	13
4. Up to 12 months		30.4%	49
5. Up to 24 months		55.9%	90
		answered question	161
		skipped question	2
