Young Practitioners Forum

OVERVIEW

The purpose of the Young Practitioners Forum is to provide programming targeted towards senior residents, fellows and orthopaedic trauma surgeons new in practice. Information on topics not taught in training and wisdom from lessons those in practice learned will be discussed. Our target audience will be provided tools for a successful career. The Speed Mentoring session at the end of the program will provide an opportunity to interact and ask questions in a friendly environment.

TARGET AUDIENCE

This course is designed for orthopaedic residents, fellows, and young practitioners to promote career planning and development during residency and selection of best practice environment.
