
2019 OTA ANNUAL MEETING

SEPTEMBER 25 - 28, 2019 ■ DENVER, COLORADO ■ #OTA2019

RESIDENT COMPREHENSIVE FRACTURE COURSE

PRELIMINARY PROGRAM

**Wednesday-Friday,
September 25-27, 2019**

Program Chairs

Michael P. Leslie, DO

Seth R. Yarboro, MD

OVERVIEW

We invite you to attend the Fall Resident Comprehensive Fracture Course scheduled for September 25-27, 2019, in Denver, Colorado at the Colorado Convention Center.

The Resident Comprehensive Fracture Course will be presented in six (6) separate small group modules, with 22-24 residents and 5 experienced faculty educators per module.

The modules will have a rapid-fire series of mini-lectures, an extensive open case-based discussion, video demonstrations of techniques, and hands-on skills lab exercises. Modules will cover fundamental principles of fracture care distributed among six topics: articular, diaphyseal, foot and ankle, geriatrics, pediatrics, and pelvis/polytrauma/acetabulum, plus a lunch-time spine session.

This course offers pre-course educational on-demand video materials. Details will be sent with registration confirmation as well as an online basic science pre-test and an online clinical post test.

TARGET AUDIENCE

This course is targeted for PGY1 - PGY4's. Others who feel they will benefit will not be excluded. Attendance is limited so early registration is recommended.

SCHOLARSHIPS AVAILABLE

Due to generous grants from Smith and Nephew, Globus Medical and Zimmer Biomet, a limited number of scholarships are available to North American residents. Scholarship funding of up to \$725 may be used to offset travel expenses or course registration.
