## Q4 Please check all areas in which you desired additional training during your fellowship year.

Answered: 83 Skipped: 0

ANSWER CHOICES	RESPONSES
Pelvic and acetabular trauma	55.42% 46
Long bone fractures	16.87% 14
Periarticular fractures	36.14% 30
Upper extremity fractures	31.33% 26
Calcaneal fractures	50.60% 42
The business of Orthopaedics	50.60% 42
Research	15.66% 13
Other (please specify)	31.33% 26
Total Respondents: 83	

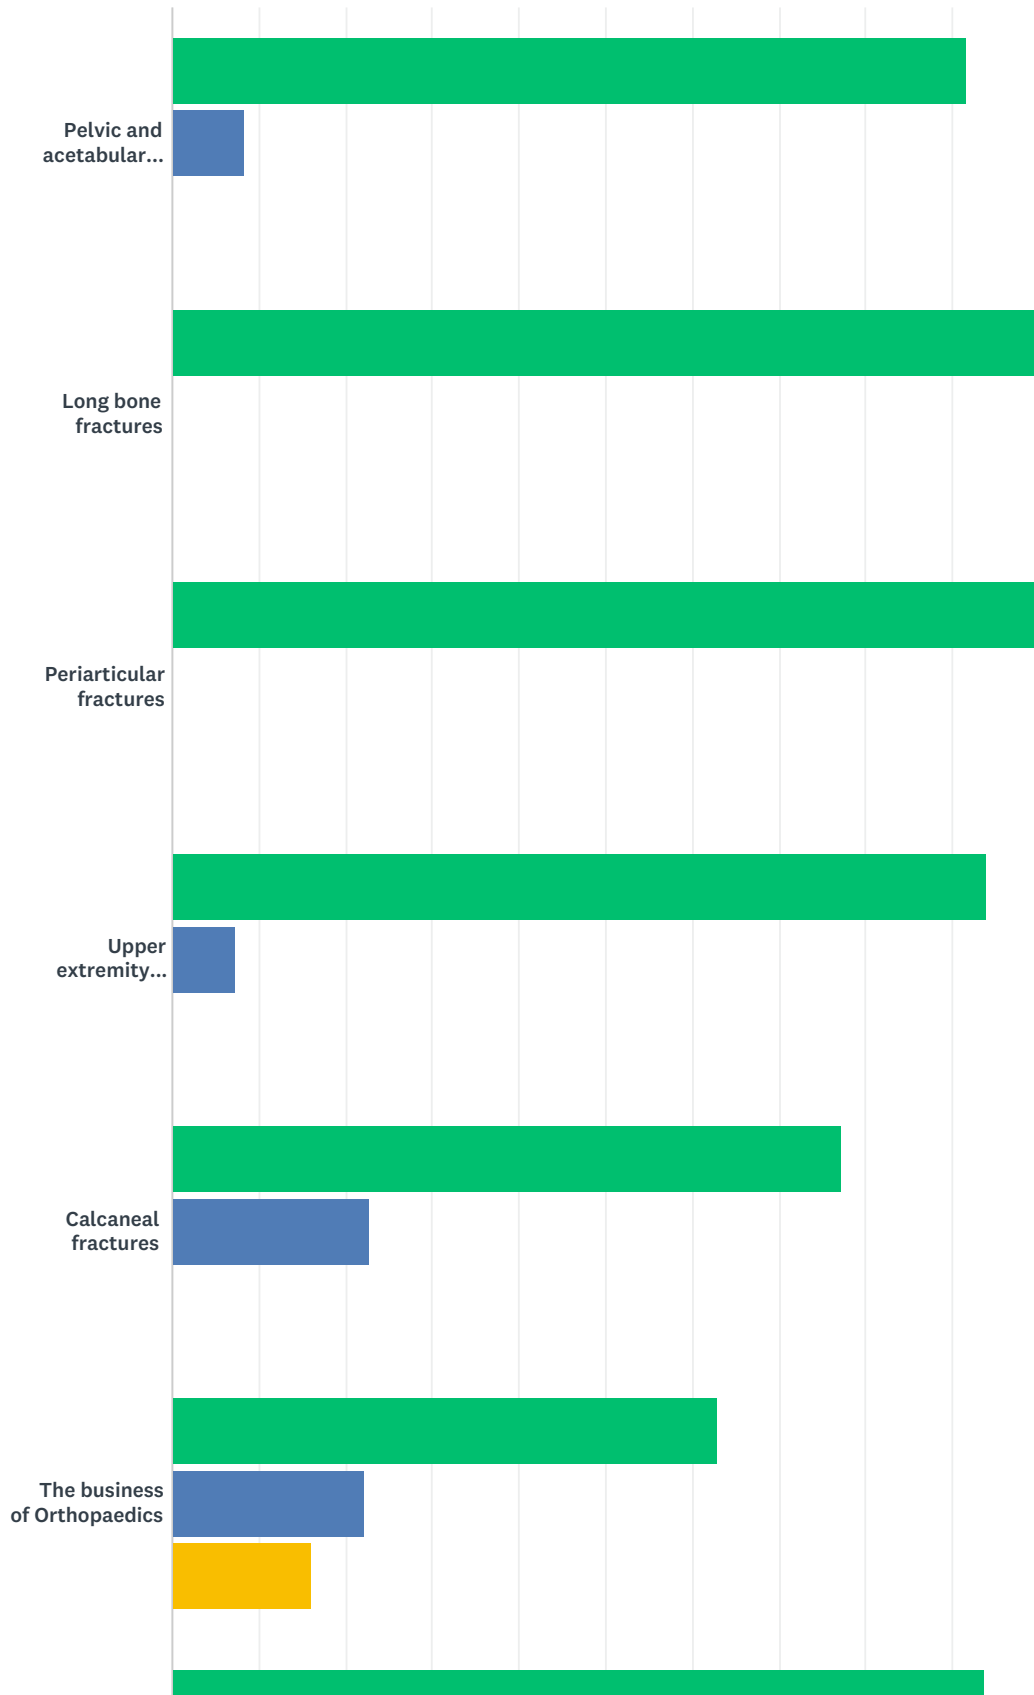

#	OTHER (PLEASE SPECIFY)	DATE
1	non/malunions	8/1/2019 2:36 AM
2	None	7/31/2019 4:00 PM
3	Terrible triads	7/31/2019 2:14 PM
4	All of my educational goals were met and exceeded.	7/26/2019 8:40 AM

## 2019 Post Fellowship Survey

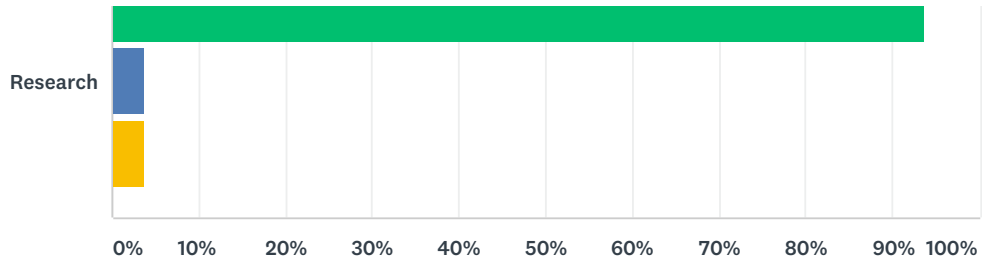

5	none	7/25/2019 3:17 PM
6	Revision arthroplasty	7/24/2019 11:18 AM
7	Taylor special frames	7/24/2019 10:43 AM
8	None	7/24/2019 8:56 AM
9	Arthroplasty for fracture	7/18/2019 12:22 PM
10	Nonunion, Circular Frames	7/17/2019 2:53 PM
11	multiply-injured patient management	7/17/2019 1:21 AM
12	Ring fixator exposure for limb deformity corrections	7/16/2019 12:53 PM
13	Feel that the acetabular volume was adequate, but I would have loved more.	7/16/2019 10:16 AM
14	Nonunion/malunion	7/15/2019 2:09 PM
15	Polytrauma, mangled extremity	7/15/2019 11:08 AM
16	Very good variety of cases. Chose pelvis/tab as I could always use more, however still decent representation overall.	7/8/2019 5:17 AM
17	Nonunions, deformity correction	7/7/2019 7:14 AM
18	Periprosthetic fx's	7/7/2019 5:24 AM
19	Periprosthetic fxs, revision total hips, THA, TKA, TSA	7/6/2019 9:13 PM
20	Nonunions	7/6/2019 10:53 AM
21	This question is unclear. Do you mean areas in which we did not feel comfortable handling at the END of fellowship, or cases which we needed additional training in PRIOR to fellowship? The latter is how I am interpreting the question.	7/6/2019 4:33 AM
22	Nonunion/Malunion	7/5/2019 8:56 AM
23	The fellowship was fairly well rounded. I wish we had some more deformity correction, acknowledging we did have some.	7/2/2019 8:06 AM
24	Nonunion/malunion	7/2/2019 7:14 AM
25	Nonunion and Bone Loss Cases	7/1/2019 9:26 AM
26	Lengthening	7/1/2019 9:18 AM

#	COMMENTS	DATE
1	Disappointed in the amount of jobs available	7/28/2019 1:34 AM
2	doing a second fellowship	7/25/2019 3:17 PM
3	Surprised at how few jobs were available	7/24/2019 8:43 AM
4	I am an active duty Army physician. So these questions about my future job are not applicable as I have been assigned to a location by the Army	7/16/2019 2:42 PM
5	Or there were just not as many openings at Level I/Level II centers that I expected coming out of this fellowship year. After interviewing at multiple sites and speaking with a number of colleagues, I have the impression that a significant number of practices (academic, hospital-employed, etc.) intentionally have the bare minimum number of orthopedic trauma surgeons on staff to save money. I suspect that additional openings could be possible if employers were open to a better staffing ratio to provide optimal patient care and an improved work:life balance.	7/16/2019 12:53 PM
6	Not very many academic jobs	7/15/2019 2:09 PM
7	Cannot comment directly. Own personal job search limited by geographic area desired (wife/kids/family), fortunate to land exactly where we wanted otherwise would've been in neighboring states	7/8/2019 5:17 AM
8	Limited job opportunities in general in Canada. Not many jobs with dedicated trauma room. Few trauma-only jobs, will have to do a second fellowship in F&A for employment. Trauma is an asset but not an obligation for non-level 1 center jobs.	7/6/2019 10:53 AM
9	I feel that there are enough trauma jobs for everyone who wants one, but there are geographical limitations.	7/6/2019 4:33 AM
10	Unsure	7/4/2019 11:57 AM
11	Absolutely. No question. The job market is supersaturated except in rural areas. People are taking trauma jobs at non-leveled hospitals	7/1/2019 2:40 PM
12	N/A, had a job coming into fellowship	7/1/2019 1:44 PM

## Q28 Please provide comments about your fellowship.

Answered: 62 Skipped: 21

#	RESPONSES	DATE
1	excellent program with high case volume, complex cases, knowledgeable faculty who all care about educating	8/1/2019 2:36 AM
2	XXXXXXXX is an amazing fellowship. The variety of cases is amazing. In addition besides the variety regarding type of cases they also varied greatly with range of difficulty which is excellent. The staff XXXXXXXXX are amazing to work with and a great source of knowledge. The autonomy is perfect: a fellow is able to learn in an environment that is educational but still puts patient care above all. The residents are great to work with. There is a very practical fellowship which will teach you how to operate and care of the patient. In addition you can learn a fair amount regarding the business aspect of ortho if you pay attention. Could not have asked for a better experience. The staff are amazing and treat you like a colleague.	7/31/2019 4:00 PM
3	Excellent experience with tremendous volume and high acuity of fractures.	7/31/2019 1:17 PM
4	great experience, could have more direction and scheduling involvement amount of knowledge and experience is unparalleled	7/28/2019 1:34 AM
5	This is the best fellowship in the country. I would not have rather gone anywhere else. Stafford and Norris are amazing, as are the other faculty.	7/26/2019 8:40 AM
6	Best fellowship I could imagine.	7/26/2019 8:03 AM
7	Outstanding. Couldn't have been a better year.	7/25/2019 12:09 PM
8	Excellent fellowship. Would do again	7/25/2019 6:20 AM
9	Good education	7/25/2019 3:54 AM
10	Great fellowship and great mentors	7/25/2019 3:30 AM
11	Need someone to replace XXXXXXXXX More intra-personal politics between attendings/staff than anticipated.	7/25/2019 2:11 AM
12	It was a good year of training in Trauma with a big load of patients	7/24/2019 1:28 PM
13	I feel very well prepared because of my trauma fellowship. Would highly recommend.	7/24/2019 11:18 AM
14	Excellent fellowship with great experience	7/24/2019 10:43 AM
15	Great fellowship, could have more direction Staff very knowledgeable and skilled	7/24/2019 8:43 AM
16	Terrific experience. Great case load, case variety, and excellent instructors.	7/24/2019 8:32 AM
17	Best fellowship in the country.	7/24/2019 8:06 AM
18	Great fellowship with wonderful mentors. Exceptional trauma volume that allowed me an wide range of experiences with high energy trauma.	7/18/2019 12:22 PM
19	High case volume and operative experience. Extremely strong faculty that are great to work with.	7/17/2019 3:23 PM
20	Excellent well rounded fellowship with very complex pathology, great faculty, and a top notch institution.	7/17/2019 2:53 PM
21	At the beginning of the year, I was looking forward to finishing fellowship and starting my career. Another year of training seemed like an eternity after 5 years of residency. At the conclusion of the year, I would gladly spend another year learning from my mentors.	7/17/2019 7:12 AM
22	XXXXXXXX was a great fellowship. The experience was great, I had 4 great mentors to learn from and ample mid-level providers to keep the leg work to minimum allowing me to focus on my education and experience.	7/17/2019 1:21 AM
23	Very comprehensive fellowship in terms of case volume and complexity Heavy on resident type floor work	7/16/2019 3:52 PM

## 2019 Post Fellowship Survey

24	Enjoyed the variety of cases. Having multiple faculty members allowed me to see many different ways to treat injuries. Feel very comfortable managing most fractures. Did not get a lot of pelvis/acetabulum (~40 cases). Likely due to very mild winter in Boston. Only managed a few calcs this year.	7/16/2019 2:42 PM
25	Great place highly recommend	7/16/2019 1:03 PM
26	As advertised--an OR/surgical emphasis of training, wide variety of injuries/conditions but not a "high volume" pelvis/acetabulum center, stimulating interactions with the residents, and year-long support for academic courses and the job search.	7/16/2019 12:53 PM
27	Great fellowship from mentorship standpoint, A lot of post traumatic reconstruction and acute arthroplasty for traumatic hips/acetabulum. Very family friendly as well.	7/16/2019 12:26 PM
28	It was an amazing experience. I felt supported, had the breadth and depth I wanted, and worked with phenomenal surgeons.	7/16/2019 11:15 AM
29	The attendings were superb, each in his own way. Radically different personalities, but each brought a unique contribution to my education. I will miss this team dearly.	7/16/2019 10:16 AM
30	Overall I had a great experience and am very happy	7/15/2019 6:29 PM
31	The best year of my training by far	7/15/2019 4:43 PM
32	Graduated autonomy	7/15/2019 12:12 PM
33	Great variety, expert training, great experience in terms of graduated autonomy and ability to act as the attending	7/15/2019 11:08 AM
34	To me it was the greatest fellowship I could have ever asked for. I had a very understanding fellowship director with a vested interest in my personal growth and accomplishments. Faculty all fostered a supportive learning environment with graduated trust in the OR after each case. I definitely am much better after completing a fellowship clinically.	7/15/2019 4:27 AM
35	Overall great and well-rounded experience. Excellent volume and breadth/complexity of cases. Very supportive faculty. Would have liked more pelvis/acetabulum exposure.	7/10/2019 7:36 PM
36	Phenomenal pelvis and lower extremity experience. Would have like a little more upper extremity. Great team of people to work with!	7/9/2019 4:01 AM
37	Fantastic year. I learned and grew more than I ever imagined.	7/8/2019 5:12 PM
38	Very good case load. Great teachers.	7/8/2019 9:44 AM
39	excellent training from attendings of varied backgrounds, laid-back and low stress, treated like an attending, solo call (with backup as needed), and being the sole fellow made this an incredible year of learning, not to mention the outdoor activities (when able)XXXXXXXXXX	7/8/2019 5:17 AM
40	Overall it is a good fellowship that is well balanced. The strengths include the faculty which have a lot of experience and knowledge, the opportunity to take call as an attending which allowed for autonomy in decision making and billing, and the variety of cases. In general there is enough acute trauma without feeling overwhelmed. This provided opportunities to improve my skill set with other cases such as cold trauma, nonunions, malunions and deformity correction including blade plate usage, total hip arthroplasty, etc. The biggest weakness is lack of an additional junior resident that the fellow could work with and teach during appropriate level cases. The additional resident would allow the fellow more flexibility to cover cases at another hospital (cold trauma like calcaneus, talus, midfoot, elbow terrible triad, etc) at another hospital. I would have liked to have more exposure with anterior intrapelvic cases but this will come with time.	7/7/2019 7:14 AM
41	Great training. XXXXXXXXXXXXis forward thinking critically analyzing surgical techniques and complications; he handles soft tissue at an elite level. XXXXXXXXXXXX is arguably the most gifted surgeon I have ever scrubbed with; he's a patient teacher and good leader.	7/7/2019 5:24 AM
42	Outstanding mentors and teachers at XXXXXXXXXXXX Maximized fellow development w/ current model of fellow training.	7/6/2019 9:13 PM
43	Great fellowship. Excellent mentors. Could have more autonomy during cases.	7/6/2019 10:53 AM
44	It was a pleasant surprise.	7/6/2019 4:33 AM
45	I had a great year. It met my educational expectations	7/5/2019 8:56 AM

## 2019 Post Fellowship Survey

46	Excellent volume and variety of cases. Very knowledgeable, talented, and approachable faculty. They respected my opinion and allowed for appropriate autonomy as the year progressed. My main criticism is that at times the program felt a bit disjointed with many attendings not present outside the OR. I think it would have felt more cohesive if more faculty were regularly present at signout and fracture conference.	7/4/2019 5:36 PM
47	Incredible year, fulfilled expectations. Outstanding mentors.	7/4/2019 11:17 AM
48	My fellowship experience was great overall. I was exposed to countless orthopaedic techniques and injury patterns. The faculty were tremendous surgeons, educators, and mentors.	7/4/2019 2:26 AM
49	Fantastic fellowship; Would highly recommend to any applicant in the future; Excellent fulfilling experience	7/3/2019 5:19 AM
50	It was a pleasure and privilege to be a fellow at XXXXXXXXXTrauma for several reasons: I was the only fellow – that allowed me closed mentorship with 3 very different mentor from different schools of thought XXXXXXXXXXXXXXX – I learnt so much and really developed my surgical skills, I felt more confident performing complicated trauma surgeries. I operated over 450 patients with over 650 CPT codes Independence – as I got my credentials toward the 2/3 of fellowship I began to operate on my own with close observation of my mentors. The process was very gradual and monitored carefully Research opportunities – a well equipped biomechanics lab with financial resources and good supply of research subject (cadavers etc). Teaching opportunities – as the year progressed I've become more involved in resident education, both in the OR and frontal lecture Variability of cases – I was exposed to every kind of trauma there is, including complication and pediatric trauma – all will contribute to my future practice.	7/2/2019 9:35 PM
51	Excellent Fellowship	7/2/2019 2:19 PM
52	Very well rounded fellowship. I wanted ample exposure to pelvic/acetabular trauma, which i received. I also wanted upper extremity trauma exposure which I received.	7/2/2019 8:06 AM
53	Exceeded expectations	7/2/2019 7:29 AM
54	None	7/2/2019 7:14 AM
55	very long hard year, but unparalleled learning	7/1/2019 3:07 PM
56	An excellent experience, it only suffers from the same drought of pelvic trauma that most programs experience. On the plus side, every case is YOUR case. There is supervision, but the attendings expect you to operate, not watch. And there is no competition for cases.	7/1/2019 2:40 PM
57	Overall, I enjoyed my fellowship. I think it fulfilled what I was trying to get from fellowship. The pelvis/acetabulum experience was phenomenal. It is a lot of hours, some of them helping residents round, etc.	7/1/2019 1:44 PM
58	XXXXXXXXXXXX is a great fellowship program with excellent training overall.	7/1/2019 10:34 AM
59	Very good training year	7/1/2019 10:15 AM
60	Awesome four attendings to work with who have different experiences and perspectives. Learned frames from the wizard himself.	7/1/2019 9:45 AM
61	I learned a lot this year. I feel very prepared.	7/1/2019 9:29 AM
62	Definitely a great place to train. The program and faculty definitely exceeded my expectations. I would recommend the program to anyone.	7/1/2019 9:26 AM

## Q29 Please comment on how the OTA would have been more engaged or useful to you during your application, fellowship and immediate post fellowship period.

Answered: 49 Skipped: 34

#	RESPONSES	DATE
1	n/a	8/1/2019 2:36 AM
2	I think the OTA can do a better job keeping fellowship information up to date. In addition I think the job marked is becoming more difficult the process could be more centralized with some effort from the OTA.	7/31/2019 4:00 PM
3	I cannot identify any glaring discrepancies. A session or webinar on contract negotiations or details would be helpful but are available through other sources.	7/31/2019 1:17 PM
4	could be more involved in the job search	7/28/2019 1:34 AM
5	I have nothing constructive or negative to say.	7/26/2019 8:40 AM
6	I wish the OTA would limit the number of fellow spots available in the USA. We are training way too many traumatologists.	7/26/2019 8:03 AM
7	I believe more job finding resources should be available on the website. This should cover topics included contract negotiation, contract language and compensation differences.	7/25/2019 12:09 PM
8	Excellent course offerings. Would love to have access to webinars after	7/25/2019 6:20 AM
9	None	7/25/2019 3:54 AM
10	None	7/25/2019 3:30 AM
11	Educational videos/webinars	7/25/2019 2:11 AM
12	OTA is doing a great job so far	7/24/2019 1:28 PM
13	Access to online seminars may be useful since fellowship schedule makes it difficult to travel to meetings/courses.	7/24/2019 11:18 AM
14	N/A	7/24/2019 10:43 AM
15	Helped with the job hunt	7/24/2019 8:43 AM
16	No concerns	7/24/2019 8:32 AM
17	Decrease number of fellow spots at small community programs. Waters down the job market.	7/24/2019 8:06 AM
18	More resources geared towards finding jobs out of residency and fellowship.	7/17/2019 3:23 PM
19	It would be helpful be a mandatory coding course sponsored by the OTA, and the OTA reach out to the fellows to assist with the job search	7/17/2019 2:53 PM
20	The OTA was very helpful to me. The newer website features have been helpful.	7/17/2019 7:12 AM
21	better case logging system that was more inclusive of procedures outside what's available now. Also, incorporating ICD10 codes would have been helpful to get ready for future challenges with billing.	7/17/2019 1:21 AM
22	N/A	7/16/2019 3:52 PM
23	No complaints or suggestions. The OTA has been extremely helpful in all aspects of my training	7/16/2019 2:42 PM
24	All good	7/16/2019 1:03 PM
25	N/A	7/16/2019 12:53 PM
26	I felt 100% engaged in AOTrauma, but really felt no engagement from OTA other than the JOT.	7/16/2019 10:16 AM
27	No comments	7/15/2019 6:29 PM

## 2019 Post Fellowship Survey

28	Provide more job resources	7/15/2019 12:12 PM
29	It was excellent.	7/15/2019 11:08 AM
30	The OTA has been great throughout the fellowship year. Beginning with education opportunities, including the new OTA.online, to the support for future career development.	7/14/2019 11:38 PM
31	Nothing, very helpful	7/8/2019 9:44 AM
32	been very happy, no other comments loved the Boston course, probably the most valuable course I've ever attended - case-based learning and attending 'banter' on approach/fixation/controversy made this a very enlightening course for me	7/8/2019 5:17 AM
33	I would have liked to attend the OTA meeting this year but it was not possible as I went to several other courses. I really enjoy the resources on the OTA website.	7/7/2019 7:14 AM
34	none	7/6/2019 9:13 PM
35	N/A	7/4/2019 11:17 AM
36	The process of applying for fellowship was very confusing. The only way to gather information about the process was from previous applicants. For instance, I almost missed the meet and greets at the OTA because I was not told about them. A clear link for resources about the application process should be located on the OTA homepage. This should contain instructions and important dates.	7/4/2019 2:26 AM
37	N/A	7/3/2019 5:19 AM
38	Closer follow-up at job search and offering solution to fellows that were not performed their residency in the US.	7/2/2019 9:35 PM
39	dont know	7/2/2019 2:19 PM
40	None	7/2/2019 7:29 AM
41	None	7/2/2019 7:14 AM
42	many jobs not posted on OTA	7/1/2019 3:07 PM
43	Better than a job board would be a forum or Facebook group where trauma guys post known jobs.	7/1/2019 2:40 PM
44	n/a	7/1/2019 1:44 PM
45	OTA could do more to help fellows obtain academic positions. I found it very hard to find these positions.	7/1/2019 10:34 AM
46	n/a	7/1/2019 10:15 AM
47	Job acquisition and contract seminars	7/1/2019 9:45 AM
48	business education	7/1/2019 9:29 AM
49	Offer courses on contracts and negotiations.	7/1/2019 9:26 AM

## Q30 What is one thing you would change about your trauma fellowship training?

Answered: 67 Skipped: 16

#	RESPONSES	DATE
1	none	8/1/2019 2:36 AM
2	Nothing	7/31/2019 4:00 PM
3	I wouldn't change a thing.	7/31/2019 1:17 PM
4	graduated staff call	7/28/2019 1:34 AM
5	Resident coverage for all call shifts.	7/26/2019 8:40 AM
6	None.	7/26/2019 8:03 AM
7	Not having to enroll patients in the attendings research studies.	7/25/2019 12:09 PM
8	none	7/25/2019 6:20 AM
9	None	7/25/2019 3:54 AM
10	None	7/25/2019 3:30 AM
11	Exposure to different attendings	7/25/2019 2:11 AM
12	To be more selective regarding who should do the case residents or fellow.	7/24/2019 1:28 PM
13	More exposure to revision arthroplasty	7/24/2019 11:18 AM
14	This was a great year, wouldn't change anything	7/24/2019 10:43 AM
15	More high energy pelvis/acetabulum	7/24/2019 9:09 AM
16	Have graduated attending call	7/24/2019 8:43 AM
17	Like most fellows would say, seeing more anterior based open approaches to the pelvis would be nice	7/24/2019 8:32 AM
18	Turnover time of an hour and a half is too much. Fire all the anesthesia staff and hire an entirely new crew.	7/24/2019 8:06 AM
19	Possibly more arthroplasty experience in the trauma setting, THA for femoral neck, periprosthetics etc	7/18/2019 12:22 PM
20	Have more dedicated time for research.	7/17/2019 3:23 PM
21	N/A	7/17/2019 2:53 PM
22	I would have liked the opportunity to spend more time teaching residents and transitioning from a student to a teacher. I feel that I have become facile performing cases on my own, but continue to struggle to achieve the same results when guiding a resident through a case.	7/17/2019 7:12 AM
23	didn't do any shoulder arthroplasty or have any exposure to chest wall reconstruction which i would like to explore in my practice going forward.	7/17/2019 1:21 AM
24	Floor work	7/16/2019 3:52 PM
25	More acetabulum/pelvis. Hard for the program to have control over this though. Otherwise I would not change a thing. I am extremely happy to have trained here and I wouldn't change it if I could.	7/16/2019 2:42 PM
26	Bothing	7/16/2019 1:03 PM
27	Performing research was definitely available but not emphasized. Within the first week or two in August, it would have helped me to have formal appointments with XXXXXXXX Orthopedic Research division to go over current projects, proposed projects/ideas, and the network to support these projects. It may have spurred more of a desire to actively engage in the possible research.	7/16/2019 12:53 PM

## 2019 Post Fellowship Survey

28	Would like to have more hindfoot trauma.	7/16/2019 12:26 PM
29	More funding for books, travel, etc.	7/16/2019 11:15 AM
30	Not much to be honest.	7/16/2019 10:16 AM
31	dedicated time for research and study	7/16/2019 4:03 AM
32	Slightly more UE trauma exposure	7/15/2019 6:29 PM
33	consistent dedicated education directed towards fellows	7/15/2019 4:43 PM
34	opportunities to develop mentor/mentee relationship with faculty	7/15/2019 12:54 PM
35	Interviewed earlier for jobs	7/15/2019 12:12 PM
36	Add a formal weekly fracture conference, where all operative cases are discussed.	7/15/2019 11:08 AM
37	I am overall very weak in research and possibly closer guidance on where to begin and how to proceed would have been very beneficial to me personally very early on in the fellowship year.	7/15/2019 4:27 AM
38	Increase number of organized lectures. Maybe 1 more formal lecture a month. We have a lot of lectures in case based format, but some topic details can be overlooked if they do not pertain to the specific case of the lecture.	7/14/2019 11:38 PM
39	Would have liked another trauma fellow to discuss cases with, etc.	7/14/2019 10:21 AM
40	More formalized fellow didactic sessions	7/10/2019 7:36 PM
41	More upper extremity	7/9/2019 4:01 AM
42	Nothing	7/8/2019 9:44 AM
43	nothing, was the perfect fellowship year for me in many regards (for those desiring a large academic experience this likely would not fit, however for the "privademic" experience with excellent business training I don't think there is a better program)	7/8/2019 5:17 AM
44	The addition of a junior resident that I could teach during appropriate level cases and allow the fellow to cover cases at another hospital when appropriate.	7/7/2019 7:14 AM
45	I train with and alongside residents yet had no opportunity to formally evaluate them. It's a good residency I would have liked to help make better.	7/7/2019 5:24 AM
46	Compensated trauma call as attending	7/6/2019 9:13 PM
47	More weekend call responsibilities	7/6/2019 10:53 AM
48	More formal didactic time. More formal feedback.	7/6/2019 4:33 AM
49	More didactic teaching of fellow level cases	7/5/2019 8:56 AM
50	I would have liked more attending presence and participation in trauma conference. I think this could have been a great educational opportunity for fellows but it was generally more about getting through the X-rays and asking junior resident level questions.	7/4/2019 5:36 PM
51	Not sure.	7/4/2019 11:17 AM
52	I would have more formal education geared towards trauma fellows.	7/4/2019 2:26 AM
53	No changes; Very happy with the experience	7/3/2019 5:19 AM
54	Lack of feedback – although I received feedback many time on how I performed during surgeries and in clinic, I felt that an organized and schedule meetings (every month or two), would have been beneficial	7/2/2019 9:35 PM
55	it was excellent	7/2/2019 2:19 PM
56	More autonomy in the second half of the year.	7/2/2019 8:06 AM
57	None	7/2/2019 7:29 AM
58	More total hip arthroplasty	7/2/2019 7:14 AM
59	not a liveable wage for a large city.	7/1/2019 3:07 PM
60	More tabs	7/1/2019 2:40 PM

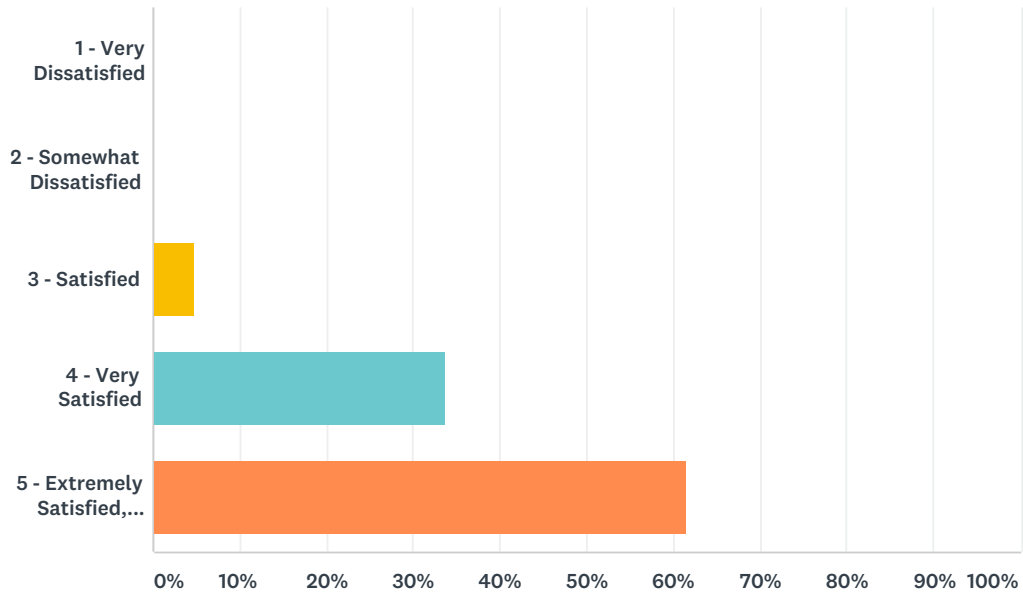

## 2019 Post Fellowship Survey

61	there are systems/hospital issues - very slow turnover, difficulty getting some cases to the OR. And I wish we got some more foot trauma experience.	7/1/2019 1:44 PM
62	more call as attending	7/1/2019 11:18 AM
63	nothing	7/1/2019 10:34 AM
64	n/a	7/1/2019 10:15 AM
65	Nothing	7/1/2019 9:45 AM
66	more business education	7/1/2019 9:29 AM
67	More experience with frames.	7/1/2019 9:26 AM

### Q31 Overall, how satisfied are you with your fellowship:

Answered: 83 Skipped: 0

ANSWER CHOICES	RESPONSES	
1 - Very Dissatisfied	0.00%	0
2 - Somewhat Dissatisfied	0.00%	0
3 - Satisfied	4.82%	4
4 - Very Satisfied	33.73%	28
5 - Extremely Satisfied, Exceeded Expectations	61.45%	51
