

ORTHOPAEDIC
— TRAUMA —
ASSOCIATION

Fellowship Program Directors and Coordinators

Important Highlights/Dates to Remember

MATCH

- Rank list Deadline April 13 by 12:00 PM PDT
- Match Results released on April 20, 2021 at 9:00 AM PDT
- In looking ahead to the uncertainty of travel for the rest of 2021, we plan to use the OTA website as a resource for the applicants and again house the pre-recorded Program Information Sessions. This will be in addition to in person information sessions held at the 2021 OTA Annual Meeting.
- Programs will be sent information for booking the in-person information sessions in early May.
- A reminder that program information listed on the OTA Fellowship Directory should be maintained and updated by the program; the PD and PC both have admin rights to make the edits. [Use this link to access instructions to make edits](#). This includes the case log data; case log numbers should reflect what your previous year fellow did, or an average if you are a multiple fellow program. Reach out to [OTA](#) if you need your login and PW.

RENEWAL PROCESS

- [Post Fellow Survey](#): Additional questions or information we should be collecting, please review and provide any feedback to occonnell@ota.org
- PD Survey - A successful first year, thank you everyone for completing. PD education will be a focus for the committee as part of the 3-year strategic plan.
- ACGME programs will be asked to complete the PD survey and Core Comp report for the renewal process

OTHER

- The Fellowship Compliance Committee is in the process of revising the Fellowship Compliance Guidelines. Once they are completed, they will be shared with all programs.
- [Fellowship Curriculum](#): Educational objectives wherein graduating trauma fellows are expected to demonstrate competence. Visit the [Fellowship Program Administrator Resources Page](#) for a link to this document and other useful resources.

If there is something that the OTA Fellowship Committee can do to help Program Directors or better serve the fellows, please provide feedback to occonnell@ota.org
