Integra
for their IN-KIND LAB EQUIPMENT SUPPORT.

SATURDAY, OCTOBER 21, 2023

SOFT TISSUE COVERAGE SKILLS COURSE

Original Seattle Convention Center (Arch Building) 602-604

OVERVIEW

Limited to OTA Members, this Soft Tissue Coverage Skills Course is a hands-on skills lab (cadaver) to teach orthopaedic trauma surgeons techniques in soft tissue coverage. Techniques will focus on skin augmentation and rotational flap coverage for the lower extremity that can be translated into practice. All faculty are Orthopaedic Trauma Surgeons that are active members of the OTA with extensive experience in soft tissue coverage. Entire course takes place in a skills lab.

LEARNING OBJECTIVES

Upon successful completion of the 2023 Soft Tissue Coverage Skills, participants will be able to:

1. Understand options and indications for soft tissue coverage of lower extremity.
2. Gain skills in dermal regeneration.
3. Gain skills in rotational flap coverage of the lower extremity.

The Orthopaedic Trauma Association is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Orthopaedic Trauma Association designates this live activity for a maximum of **4.25 AMA PRA Category 1 Credits™**.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Early Bird Registration
Until September 17.

PROGRAM DESCRIPTION

The OTA Soft Tissue Coverage Skills Course is a hands-on skills lab to teach Orthopaedic Trauma surgeons techniques in soft tissue coverage. Techniques will focus on skin augmentation and rotational flap coverage for the lower extremity without the need for loupes, microscopes, or microvascular techniques that can be translated into practice.

All faculty are Orthopaedic Trauma Surgeons that are active members of the OTA with extensive experience in soft tissue coverage. This is a CME event.

TARGET AUDIENCE

OTA Members: Fellows or Early to Mid-Career Surgeons (0-15 Years).

The Orthopaedic Trauma Association gratefully acknowledges

3M, Integra Life Sciences
& **Zimmer Biomet**

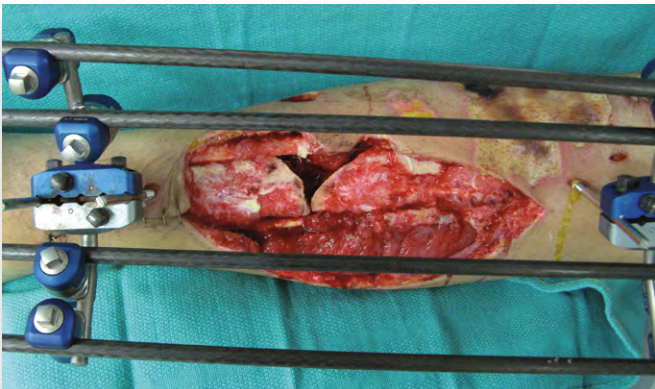

for supporting the
Soft Tissue Coverage Skills Course.
